

Enable pop-ups for databizsolutions.ie

If you are having issues logging onto the DataBiz NS Admin Online system, you may need to allow pop-ups for our website - databizsolutions.ie.

The following instructions are for Google Chrome (our recommended internet browser).

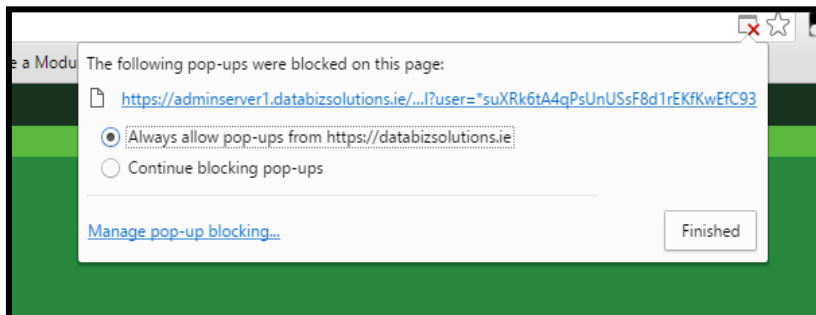

1: When you attempt to login by inputting your *username* and *password* and then clicking on the **Log In** button you will see a **Pop-up blocked** message in the top right hand corner of the browser (*Please note that this message will only appear after you click the Log In button*). Click on that message.

2. The following will appear with the default of **Continue blocking pop-ups** chosen:

3. Click on **Always allow pop-ups from http://databizsolutions.ie** so that the screen looks like this:

4. Click the **Finished** button and then click on your **Log In** button again. The login process should now complete and you will be able to access the DataBiz NS Admin system.
